Secret Code

By Greg Foreman

Directions:

Solve the following secret code, then use the musical alphabet to create your own secret message. Ask a parent or sibling at home to solve your secret code.

H_y Ki_! Writin_ musi_ is lik_ writin_ _ "S__r_t _o__!"

Solution:

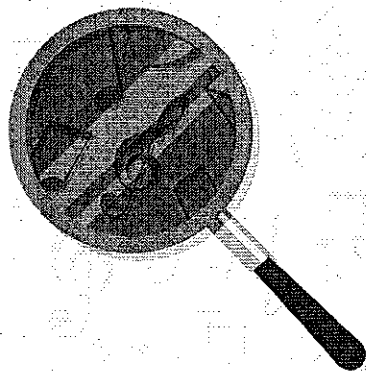

Hey Kidd! Writing music is like writing a "Secret Code!"

Create your own secret message:

On the following page, you'll find a treble staff. Write your secret message below each staff, where lyrics of a song belong. Leave an empty space for any letters found in the musical alphabet (A, B, C, D, E, F, or G). Write the missing notes on the staff directly above the empty spaces in the message, so another secret agent can decipher it. Be careful to center your notes on the correct line or space so your message can be easily deciphered. Good luck!

Extra challenge:

Make the notes equal four beats per measure! Use a $\frac{4}{4}$ time signature, bar lines, and a double bar line at the end of your message!

To Whom it May Concern,

Below, I have written a secret message. Your mission, should you choose to accept it, is to decode the meaning using letters of the musical alphabet. Good luck!
